Dual Immersion education offers an exciting yet challenging opportunity for students to reach high levels of academic achievement and to acquire strong proficiency in English and Spanish. At Westside Elementary, we anticipate a successful program. For students to gain the greatest benefit, parents, students, and teachers must be committed to the program through the suggested years. I understand that by choosing to enroll my child in the dual immersion program, I am committed to following the program throughout the suggested six years. If any concerns arise, I will contact the school immediately to facilitate with school personnel.
